CS-VUE HAS MOVED OFFICE

Don't panic, we are still in the same building!

Due to expansion within the Andrew.Stewart group of companies, the CS-VUE team has taken over more space in the same floor at 45 Sale Street, Victoria Quarter, Auckland.

The extra space means we have been able to install a brand new onsite training suite, which we will use to provide regular training sessions and updates to our users as we roll out product enhancements.

This training suite will also be utilised by partner companies Andrew.Stewart Ltd and CarbonGroup Ltd to conduct training sessions on topics such as RMA compliance, consenting and carbon emissions management.

If you would like to arrange a training session, please feel free to contact [Jasmine](#), or check our [website](#) for news about courses we have coming up.

ANDREW.STEWART GROUP UPDATE

CarbonGroup Ltd announced its revolutionary Low Carbon Zone project this week, and will be kicking off the business engagements in the new year. For more information, contact Alice Andrew.

Andrew.Stewart Ltd has been engaged to assist with a feasibility assessment for a new marina development on Waiheke Island.

CS-VUE ENHANCEMENTS - PERMIT MAP REFERENCE LOCATOR

CS-VUE users may have noticed a Location Map link displayed on the Location Column for each consent title from the browse page.

This hyperlink allows you to quickly look up the location of the consent with the help of Google Maps.

The Google location is pulled from the Location field in each consent, and uses standard New Zealand address formats.

Please feel free to contact Jasmine for support enquiries.
